ADVANCED DIRECTIVES

An Advance Directive for Health Care protects your right to refuse medical treatment that you do not want or to request treatment you do want, in the event you lose the ability to make decisions yourself. The form contains three parts, any number of which may be filled out, and a fourth signature page that must be filled out for any of the three other parts to be effective.

These are your rights under Federal and State Law:

- You are not required to have an Advance Directive in order to receive medical treatment.
- You have the right to accept or refuse medical treatment and to create an Advanced Directive.
- If you have an Advanced Directive you may provide a copy to Metro Atlanta Endoscopy
- Advanced Directives are not honored during your stay at Metro Atlanta Endoscopy but would be provided to any healthcare facility to which the patient is transferred.

You may request a Georgia Advance Directive Form from our office by calling our scheduling dept. at 404.255.9184 or going to www.caringinfo.org.
